The Honourable Minister For Revenue,
Government of Madras,
Camp: KANHANGAD.

Honourable Sir,

We, the undersigned some of the agriculturists of Madikai and adjoining villages of Hosdrug Sub Taluk respectfully submit as follows:-

Secy., P.W.D.

1. The Madikai village comprises much agricultural lands to an extent of more than 2000 acres where only one paddy crop is being raised annually. Paddy cultivation is the main source of living here.

M(W)

2. The Madikai chal river runs across this village with water flowing during monsoon period only but is being retained for the other part of the year by constructing a temporary bund measuring 60 ft length, 5ft width and 15ft depth. During rainy season, this temporary bund is being washed away and every year this has to be constructed at a heavy cost of nearly Rs 750/- contributed by the poor villagers.

3. The actual location of the temporary bund is in Kaneechira in Kundain vayal of Madikai I Village. The villagers, due to the poor crop being raised, are unable to find funds for the construction of a bund every year and without such a bund, it is not possible to raise any agricultural crop to a length of nearly ten miles on either sides of the river.

4. We learn with regret that the construction of such an important bund does not find a place under the rural Reconstruction Scheme.

We, therefore, request that immediate steps may kindly be taken for the construction of a permanent bund with sluices to regulate water and thus help the poor agricultur

Yours Faithfully,
Kanhangad,
17-10-1955.

Govindan Nambiar
G/C. Honore, adiyanb.
